## Republican Rally Set for Tuesday Night in Antioch

### Candidates to be Present In Announcing Their Platforms

The Young Republican club of Lake county will stage a rally at 8 p. m. Tuesday, Apr. 4, at the Scout home in Antioch.

All candidates have been invited to attend and state their platforms. Young Republicans of Antioch and the surrounding community are urged by those in charge to be present.

The rally is one of several being held throughout the county leading up to the primary. One was staged Monday night in Fox Lake and the largest attendance in the county this campaign was recorded. Noel White was in charge.

Among the speakers were William J. Baker, candidate for U. S. senator, Theron W. Merryman, Chicago alderman, candidate for state treasurer, and Warren Wright, Cook county, formerly of Lake county, also a candidate for treasurer.

## Lake Villa Men's Club Reorganizes Boy Scouts With New Leadership

Lake Villa's Boy Scout Troop 84, dormant for more than a year came back to life this week when the first reorganization meeting under the new scoutmaster was held at the Lake Villa Village hall Monday night.

Reinstatement of the troop is under the sponsorship of the Lake Villa Community Men's Club.

Not only did the boys meet their new Scoutmaster, Harold Severson, World War II veteran and a former Boy Scout, but they were addressed by two members of the Boy Scout District Council, Nick Bock, Jr., and Les Bergman.

These two leaders in the Boy Scout movement gave highlights of the program to be pursued this year with particular emphasis on Camp Ma-Ka-Ja-Wan at Antigo, Wis., during the summer months, and the Boy Scout Circus to be held at Libertyville May 18.

They described the new "fool cooking" development and told the boys many facts about the Boy Scout movement.

The next meeting of Troop 84 will be held in the Lake Villa school gym at 7 p. m. Monday, Apr. 3, and boys interested in Scouting who were unable to attend the first get-together are cordially invited to be present.

"Getting the Boy Scout troop under way is only one of many civic projects which the Lake Villa Community Men's Club is wholeheartedly supporting this year," said Jerre Hagen, president of the organization.

The club was represented at the first meeting by three members of its Boy Scout committee: Lester C. Hamlin, chairman; Ed Langbein and Al Boehm.

Chairman Hamlin and his fellow committeemen announced after the meeting that:

"We think we've got the ball rolling now and we know we are going to have a bigger and better Boy Scout troop than ever before."

The thirty-two boys who were in attendance are as follows:

Frank Slazes, Warren Brownlee, Junior Bartlett, Robert Johnson, Edward Hastie, David Maier, Teddy Nielsen, Jimmy Fish, Phil Williamson, Phil Wagner, Marvin Walker, Eugene Carlquist, John Williams, John Arndt, George Lewis, Paul Mattson, George Caples, Robert Rossow, Leroy Scherer, Shelby Smith, Frank Mulkey, Jerry Burnett, James Calen, James Hamlin, James Williams, Jack Armstrong, Billy Wilson, Donald Schultz, Bob Bunkleman, Ronny Nickerson, Jerry Schultz and Mack Mulkey.

### Much Surface Water

The rains and thawing weather have caused the Des Plaines river and creeks to overflow and many low fields are covered with water. County officials received complaint that many byroads are impassable and persons in some new subdivisions have been having trouble driving their cars to the main highway in going to work because of miring down.

## Grade School Festival Planned for Apr. 14, at High School Auditorium

The Antioch Grade school will present its annual spring music festival Friday evening, April 14, at the high school auditorium.

Each room will present a number and the teachers are now busy preparing the children for the event. Because of prospects of the school's own auditorium by next October, this probably will be the last time the musicale will be held in the high school building and the trouble of transferring the children from one building to the other will be eliminated.

## Baseball Practice Starts At Antioch High With 14 Games on Schedule

### Varsity Short on Seasoned Players, Underclass Response Good

Twenty-one candidates for the varsity and 30 for the Sophomore-Freshman team have responded to Coach R. B. Scott's call in baseball at Antioch Township High school.

Because of bad weather the work-out is only for pitchers and catchers who are limbering up in the gymnasium. The fielders will be called for practice next week.

The varsity lost several good men through graduation and new men must be developed for some positions. A relief catcher is badly needed just now.

Trying out for the pitching position are Ray Engfors, Melvin Stillson, Jack Mahoney, Roy Luckel and Charles Haling. Don Appanaitis is the home catcher.

For the Papposes the tryouts are for pitcher, Delmar Adams, Bob Lubkeman, Forrest Bolton, Robert Thorn, Louis Place, and William Paulsen and for catcher, Bill Bachman, Kenneth Rentner and William Clarke.

The varsity will play 14 games and the underclassmen four.

The schedule at this time includes:

Varsity Schedule

## V.F.W. Elects Officers, Plans Installation and Will Sponsor Ball Team

Sequoia post No. 4551, Veterans of Foreign wars elected officers Monday evening and transacted other important business.

The new officers are Tony Sciacero, commander; Lou Adams, senior vice commander; Eddie Palinski, junior vice commander; Warren Edwards, quartermaster; Roberts Ehrigott, chaplain; Ted C. Larson, judge advocate, and Irving Flint, trustee.

Installation will take place at 8 p. m. Saturday, April 22 at the Guild hall in Antioch with Carl Reis, past state commander, serving as installing officer.

The V. F. W. again this year as in the past will sponsor its league ball team. All persons wishing to play on the V. F. W. nine are asked by Athletic Chairman Eddie Palinski to contact him or Jack Crandall as soon as possible. He said that everyone is eligible to play on this team and membership in the V. F. W. is not necessary.

Joseph Jelley, fifth district commander visited the local post Monday night and urged every member present to sign up new or delinquent members. Dues are payable to Warren Edwards, quartermaster. Those wishing to join the organization may do so by coming to the Guild hall either the first or third Mondays of each month.

### To Have Benefit Card Party

Antioch unit 748, American Legion auxiliary, will hold a public card party Saturday evening, April 1, at 8 o'clock in the Legion home. The proceeds will be used for rehabilitation and child welfare work.

## Mrs. W. W. Warriner To Head Cancer Drive Starting Sunday, Apr. 1

### Will Solicit Quota of \$250 Through Mail, Aided by Committee

Lake county's third annual cancer fund drive, with a quota of \$26,000 will start Saturday, April 1, and continue through the month. It will be held in conjunction with the national campaign for \$14,565,000.

Mrs. Winsor W. Warriner, Winsor Drive, is chairman of the Antioch campaign. She is a member of the Antioch Woman's club and a member of the executive committee of the Lake county chapter of the American Cancer Society. Her local committee consists of Mrs. Walter Alvin Keulman, Mrs. Fred Peterson, French, Mrs. Barbara Holbek, Mrs. Mrs. George Peterson and Mrs. Hans Von Holwede. They plan a mail solicitation drive. Their quota is \$250.

Mrs. Martha Madsen, Cedar ave., is chairman of the Lake Villa area. She has been secretary of the Order of the Eastern Star for 11 years and also is a member of the PTA and the ladies' aid society. Besides aiding in cancer work, she has been interested in Red Cross activities, having been a leader in previous Red Cross drives. She will name her committee members later. Quota for Lake Villa is \$250. A mail and personal solicitation campaign is planned.

Headquarters for the county drive will be at the cancer information center, 9 S. County St., Waukegan, where Mrs. Mary Lou Young, executive secretary, has her offices.

A Lake county man is chairman of the Illinois campaign. He is A. E. Patton of Highland Park, vice president and secretary of the Public Service Company of Northern Illinois.

County Chairman J. Robert Baxter, Waukegan, pointed out that during the coming year an estimated 350,000 Americans will get cancer. Half of them could be saved from death, he said, but only if they seek treatment in time. One of the objectives of the coming drive, he added, is to educate a maximum number of people on cancer's danger signals.

Fourteen communities participated in last year's county drive. Ten of them exceeded their quotas. Last year's county goal was \$23,800. The amount raised was \$25,761.

## Murrie Motel to Hold Open House Sunday at Rtes. 173 and Skokie

Open House will be held Sunday at Murrie's Motel on Skokie Highway and Rte. 173, east of the village which has been completed. Landscaping will be accomplished just as soon as the weather permits.

Regarded as the most modern motel between Chicago and Milwaukee the hostelry is for tourists and for residents of the area who sometimes find a difficult situation when overnight guests arrive unexpectedly.

The motel consists of thirteen overnight rental units, with a five-room apartment in the center for the manager, Mr. Murrie's eldest son (Jim and his wife, Joan, the daughter of the Wm. Farrars of Zion). Jim will be assisted by his brother Jerry. The office adjoins their living room, which in this position is very convenient for taking care of guests upon arrival.

The rental units' main room is 13x16 feet, with a private tiled bath and shower, which are heated by individual gas unit heater. This equipment has an outside-of-the-building vent, so that none of the oxygen in the room is used in the heating of same.

Each unit has two front and two rear windows, which are equipped with alternate storm windows and screens. These combination window attachments also make them prowl-proof. Mr. Murrie has used Venetian blinds and drapes on the windows throughout the Motel.

The floors are of asphalt tile, and he is using scatter rugs where needed in the units.

The rooms' interiors throughout are finished in a shade of buff, but used combinations of nine different colors in the thirteen units. Each room has a center light and four outlets. In each bathroom there is a light over the mirror and an outlet for electric razors. Every two (Continued on page 7)

## "Hud" Vogel Denies "Anti-Union" Charge In Representative Race

Harold A. "Hud" Vogel, Republican candidate for Representative in the General Assembly, this week denied a charge that his candidacy was based upon anti-unionism, and that he himself was anti-union.

In a talk before a select group of McHenry county voters last Wednesday evening at Harvard, Vogel made the following statement:

"I have been accused of being an 'anti-union' candidate for this office. This is manifestly untrue. I am not, however, a so-called 'union candidate', and am under no obligation to answer to any union or any other pressure group."

"I am old-fashioned enough to believe that the job of the representatives is to represent all the people. If I am elected, I will earnestly try to do this. The measuring rule for the desirability of any measures to be acted on will not be 'is it good for my backers', but rather 'is it good for the largest number of people in my district.'"

"By the same token, I am not going to Springfield to represent the farmers alone, or the Public utilities, or the industrial interests, or the other pressure groups. When I am a member of the assembly I shall represent all the people in the district to the best of my ability."

"I have not had, nor am I asking for, any campaign money from the CIO, the utilities, the farm organizations or any other groups, and I ask your vote and support on this basis, no strings, no promises, just the best job I can do for the greatest number of people of my district."

Straightforward tactics such as these are gaining much strength for Vogel's candidacy in McHenry and Boone counties, where he is certain to poll a large number of votes. Coupled with this is an appeal to the voters of Lake county for "fair play" in asking for one vote here so that the two small counties may have a chance for representation, which has met with much approval.

## Costs Uncle Sam 45 Cents To Replace Lost S. S. Card

"The Social Security Administration has set up 94,429,877 individual accounts since January 1, 1937," Bernard Barnett, Manager of the Waukegan, Illinois Field Office announced today.

"We are establishing new accounts and issuing new numbers to approximately 146,000 people per month, and establishing new accounts for each of these persons. However," Mr. Barnett explained, "approximately 195,000 persons are losing their account number cards monthly. Each account number card lost costs the Government 45c to replace. This cost is part of the administrative costs of the Social Security Administration."

"Nationally the cost of replacing the workers' lost cards is \$87,750 per month, and yearly, the cost is \$1,053,000."

In Waukegan, about 51 cards per month are replaced at a cost of \$22.95 per month. Workers are urged to keep their Social Security Account Number Cards in a safe place in order to eliminate this expense.

"The Waukegan office of the Social Security Administration is located in the Post Office Building, and workers having a question about their numbers or accounts should contact that office."

## Annual Spring Concert Of Antioch High to Be Given Tomorrow Night

Antioch Township High school will present its annual Spring concert at 8 p. m. tomorrow (Friday) at the High school auditorium.

The chorus will present eight numbers as the first part of the program and the band under the direction of Hans Von Holwede, will present eight numbers also as the second half.

The concert is public with a small admission fee.

Choral numbers will include: "Thrills of Home," by Fox; Songs from "Student Prince," "Deep in My Heart" and "Serenade," by Romberg; "Donkey Serenade," by Friml; "Oh, Lovely Heart," by Friml; "Totem Tom Tom," by Friml; "Homeland" by Cain; and "Country Style," by Hensen.

The band numbers will include: "Double Eagle-March" by Wagner; Strauss' Waltzes," by Yoder; "Wagner" selection, by Frankliser; "Lustspiel" overture by Keler Bela; "Rhythm Moods," by Ellington; "Washington Post," by Sousa; "Knightsbridge March," by Coates; and "National Anthem," by Smith.

## Lunn Supports Schneider For Lake County Treasurer

Guy O. Lunn, present County Treasurer, is giving his unqualified support to Hugo L. Schneider, Jr., as Republican candidate for County Treasurer and is asking his many friends to aid in the election of Schneider to that post. In giving his support Lunn states that the public, confronted by everchanging problems relative to this office and who seek assistance of the County Treasurer, are best served by one who has actual experience with these current problems and with the duties of the County Treasurer.

During Mr. Schneider's service as Chief Deputy County Treasurer, he has become thoroughly familiar with the numerous phases and the greatly varied details of the work of the County Treasurer whereby he has gained the experience and knowledge necessary to carry out the large volume of diversified work for the efficient running of this complicated office. His efficiency, honesty, responsibility, courteous manner, and leadership are other requisites needed of a public official.

Mr. Schneider has been an active Republican since coming of voting age, being a member of the Lake County Republican Central Committee and the Young Republican organization. He is also a member of a number of Veterans' organizations, having seen active service in the European theater during World War II.

### Attend I. V. T. A. Meeting

Four members of the Antioch Township High school faculty will attend the meeting of the Illinois Vocational Teachers association in Chicago today and tomorrow. They are Warren Polley, Miss Narcissus Donovan, Miss Naomi Miners and M. M. Stillson, all of whom teach vocational subjects.

### Card Party on April 28

The Lake Region unit of Home Bureau will have its card party at the Scout home the evening of Friday, April 28, and not on April 26, as erroneously announced last week.

## 2 Contracts Let On Grade School Building Project

### Construction of Addition to Start Monday, Take 180 Days

The general contract on the Antioch Grade school's new addition went to the low bidder, John Nordstrom and Son, Fox Lake.

Another Fox Lake firm, Lakes Region Heating and Plumbing Co., low bidder, was given the plumbing contract.

The electrical contract on which Geary and Cooper of Libertyville was low bidder has not been let as yet.

The bid on the general contract was \$93,500 and on the plumbing and heating \$33,645.50.

The decision as to who will get the electrical contract will be made by the time of the next meeting of the board on Apr. 11.

The board meeting Tuesday evening set the time of starting on operations at next Monday and the contractors are given 180 days to complete the work.

"We hope that they will complete the building ahead of schedule so that we can use the place by the opening of school," said Principal Richard Whitacre. The 180 days will not be up until the end of September.

## 191 Present at Banquet Given by Lions Club for Athletes of High School

One hundred and ninety persons the largest crowd ever to have attended the Antioch Township High school athletic banquet, dined well and heard a good program topped by a talk by William Wightkin, left end of the Notre Dame champion football team Monday evening.

Wightkin illustrated his story of the success of Notre Dame with motion pictures of last season's games.

Ninety-five boys who participated in inter-school sports during the past year, were guests of the Antioch Lions club which sponsored the program and provided them the meal.

Loren D. Sexauer served as toastmaster and the address of welcome was given by Irving W. Carey, president. The reply from the students was given by Fred Wolf, president of the "A" club.

Responding to toasts were Principal T. R. Birkhead, Supervisors William A. Rosing and A. E. Bennett, Mayor James W. McMillen, Coaches M. R. Krizan and R. B. Scott and Burt Hoffman, district governor of the Lions club.

While all athletes were honored at this time, the letter awards will not be presented until later in the school year.

The banquet was prepared by the school cafeteria force, and served by the Girls' Athletic association.

Most of the members of the Lions club were present and many of the fathers of the athletes attended.

## Lawrance Hoffman, 67 Resident of Antioch, Dies in Evanston, Ill.

Lawrance Hoffman 67, a resident of Antioch for many years, died Thursday, March 23, in the Evanston hospital. He had been in failing health for the past six months.

He was born Dec. 11, 1883 at Grosse Point, Ill., and in 1910 came to Antioch where he engaged in carpentry. He built the house on Main st., in which he lived. His wife preceded him in death several years ago.

Surviving him are a foster son, Harold Moisan, three sisters, Mrs. Cora Dupre, Antioch; Mrs. Julia Webb, Lake City, Fla.; Mrs. Mary Eiden, Evanston, and a brother, Joseph Hoffman, Evanston. There are several nephews and nieces.

Funeral services were held Monday at St. Nicholas church in Evanston with burial in St. Peter's cemetery, Skokie.

### New Radio Station Hours

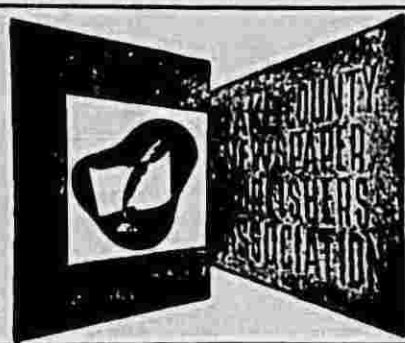

The daylight broadcasting hours of WKRS, regular band, Waukegan, will be extended a half hour starting Saturday and will sign off at 6:30 p. m. The FM station will continue to 10 p. m.

## HAPPINESS

Riches do not always bring happiness. Good health, plenty of friends, and a cheerful disposition are worth more than a carload of gold. The richest man in the world lives mostly on crackers and milk. How happy he would be if he had a healthy stomach, that would digest a big dinner of cornbeef and cabbage.

Look around; you are better off than many people. TRY BEING HAPPY. It is an HONEST DEBT you owe to your friends, your family and yourself.

## Heat Your Home Safely

Alarmed by the number of deaths and injuries in fires caused by portable oil heaters, the National Board of Fire Underwriters has reissued its bulletin on the use of these devices. Inasmuch as the heaters are used during a large part of the year, aside from the coldest season, every owner of one should understand how to operate it with maximum safety.

First of all, only heaters which have been approved by the Underwriters' Laboratories should be used. It is all-important that they be kept level, and free of dirt. Only the specified kind of oil should be employed. Heaters should never be carried while lighted, and should always be filled outside the building.

There are five primary causes of portable heater fires. Soot accumulations may result in a flash fire resembling an explosion. Hot kerosene vapors

can ignite from spillage. Curtains and upholstery can be fired by heaters being placed too close to them. Upsetting a lighted heater creates a great fire hazard. Finally, in a tightly closed room, a heater may exhaust the oxygen, and cause death by asphyxiation or by the release of deadly carbon monoxide gas. A good oxygen supply is absolutely essential to safe operation.

In recent months there has been an epidemic of heater tragedies, many accompanied by death. In practically every case, some principle of safety was not known or was carelessly disregarded. The National Board's factual advice can save life and property—and keep a handy heating device from turning into a lethal weapon.

## Breach of Faith

The executive council of the American Federation of Labor has called for the immediate repeal of the wartime excise taxes which apply to amusements, transportation, leather goods, cosmetics and other products. These taxes, the council said, are strangling business, and Congress' failure to repeal them is "a breach of faith with the American people." In the words of a press dispatch, "The AF of L policymaking group declared the wartime excise taxes were originally enacted only as temporary revenue measures and large groups of union members are protesting against continuing them any longer."

This major labor organization is in good company when it stands for repeal of the excise taxes. Manufacturers, retailers, consumer groups, high government officials, economists—all point out that the emergency that created the taxes has long passed, and that the levies damage employment, production and purchasing power. The revenue they produce is, in the light of current government spending, small. The harm they do to the country is great.

The excise taxes are often spoken of as luxury taxes. But that is very largely a misconception. The American citizen who goes to a movie, or travels on a train, or buys a suitcase or a lipstick, is certainly not a horrible example of overly luxurious living. These goods and services, in the American scheme of things, are necessities, which contribute to our health and our morale. The excise taxes add an arbitrary 15 to 25 per cent on top of the price, and so make them unnecessary and unfair expenses.

The proper solution is the outright repeal of this whole wartime tax burden, and a corresponding cut in government expenses, not an increase in other taxes.

## Boy Scouts Pick Historic Site For Jamboree

NEW YORK.—The Boy Scouts of America has selected Valley Forge, Pa., for its second national scout jamboree in 1950. Dr. Arthur Schuck, chief scout executive of the organization, announces.

Over 30,000 Boy Scouts from every state and all U. S. territories will camp together from June 30 to July 6, 1950 on the site notable as the winter encampment of George Washington and his continental army from Dec. 19, 1777 to June 19, 1778.

Valley Forge park is owned, maintained and preserved by the commonwealth of Pennsylvania. An invitation to hold the jamboree there was received from Governor James H. Duff by the Boy Scouts of America and accepted by its national executive board, Dr. Schuck announced.

### Will Climax Crusade

The national jamboree will be the climax of the Boy Scouts' two-year crusade to "Strengthen the arm of liberty."

Gov. Duff's invitation to the Boy Scouts was accepted after a dozen sites in all sections of the United States were inspected by the engineering service of the Boy Scouts of America.

Gov. Duff's invitation addressed to Dr. Schuck follows:

"On behalf of the commonwealth of Pennsylvania and the Valley Forge park commission, I wish to extend to the Boy Scouts of America a cordial invitation to hold their jamboree at Valley Forge park during the summer of 1950 at such time as their executives may elect.

"I am fully acquainted with the Boy Scouts' program for the year 1950—to 'crusade to strengthen the arm of liberty'—and it was my privilege last February in an address at Gettysburg to sponsor this crusade for the commonwealth of Pennsylvania. I can visualize no more appropriate location for its climax than Valley Forge where the sacrifice and training were undergone on the basis of which our heritage of liberty was won.

"You may be assured of the full cooperation of the commonwealth and its agencies. The Valley Forge park commission will make available the facilities it has at its disposal during the period of preparation. Should your national executive board accept this invitation, the Valley Forge park commission will be designated as the coordinating agency of the commonwealth with which you should develop your detailed plans insofar as they involve the commonwealth."

### To Occupy 600 Acres

Boy Scout officials announced that the jamboree camp will probably occupy 600 of the 2,033 acres in Valley Forge park. This would provide 32 sectional camps for a maximum of 40,320 scouts and adult leaders and a headquarters camp for 460 leaders. Valley Forge park is 20 miles northwest of Philadelphia and seven miles west of Norristown.

The first national scout jamboree was held in a 480-acre tent city on both sides of the Potomac river at Washington, D.C., from June 30 to July 9, 1937 at the invitation of President Franklin D. Roosevelt. It brought together 27,232 scouts and leaders whose fees paid for the expenses of the entire jamboree. President Roosevelt not only visited the huge jamboree camp but took part in the "stand still parade" in his honor on Constitution avenue. The scout campers lined the entire length of the historic avenue and were reviewed by the President as he drove between their lines.

Boy Scouts of twenty-four other nations were guests at the encampment.

### Communists Move to Quell Belief in Ploesti Images

BUCHAREST.—Hundreds of people in Ploesti reported seeing an image of the Virgin Mary and the Infant in a shop window on the main square.

Word of blessings bestowed by the vision spread over the Romanian oil city of 100,000 population and out into the country.

Then the Communists wheeled into action with a debunking mission. The militia moved in a week ago to break up crowds blocking traffic on a main international highway running past the shop.

The crowds moved off to other shops where some reported seeing other members of the holy family. The militia then whitewashed the shop windows and hundreds attracted from the countryside turned away disappointed.

The official Communist newspaper Scanteia gave this version of what happened: "Reactionary" elements at night washed the windows on the inside with kerosene. When sunbeams hit the oil spectrum in daylight all the colors of the rainbow were reflected and mass suggestion did the rest."

## ST. IGNATIUS ANNOUNCES HOLY WEEK AND EASTER SCHEDULE

St. Ignatius' Episcopal church announces its Holy Week and Easter schedule, beginning with Palm Sunday, when the Holy Eucharist will be celebrated at 8 and 11, with the 9:30 Family Service of Ante Communion followed by classes. Blessed palm will be distributed after each Service.

At 4 p. m. on Palm Sunday, the Right Reverend Charles Larrabee Street, Ph. D., the Suffragan Bishop of the Diocese of Chicago, will make a Visitation to St. Ignatius' to confirm a class. These will include: Ronald Lewis, Mrs. Richard Folbrink, Mrs. Hazel Brien, and Mr. and Mrs. George Bartlett, Jr. There will be a reception after the service for the newly-confirmed and the confirmands, to which all are invited.

On Maundy Thursday, the Holy Eucharist will be celebrated at 8 a. m., and from noon to 3:00 p. m. there will be a Three Hour Service to which the public is most cordially invited. Meditations will be given on the Words from the Cross, with prayers and hymns. During the hymns visitors may leave; custom is to remain for one or two Meditations.

On Easter Even or Holy Saturday, at 4:00, the Paschal Candle and Font will be blessed, followed by Holy Baptism at this traditional time. On Easter Day, April 9, three Eucharists will be celebrated: at 8 a. m. (said), 9:30 (hymns), and 11 (sung). The Rev. Dr. Jamieson will preach at 11.

The Rev. Roberts Ehrgott, Priest-in-Charge of St. Ignatius', extends the parish's welcome to all to attend any of the Holy Week and Easter Day Observances. There will be no Friday Children's Service or young people's get-together during Holy week; also, no meeting of the Finance Committee until after Easter.

Palm Sunday and Holy Week services.

A promising class of older Juniors will be received into the church at the regular worship service on Palm Sunday. At the same service, but earlier in the order of worship, a number of babies will be baptized. The public is cordially invited to attend, and it is still possible for parents of children to make arrangements for their baptism by calling Lake Villa 4871.

A small group of older children will receive baptism in a semi-private service this Thursday evening at 8 o'clock. Young people or adults desiring Christian baptism may receive it after an interview of inquiry with the Pastor.

Reception of a class of adults is being delayed until April 23, which is being designated as membership Sunday, in order that as many as possible may take advantage of it. Special guests at the Palm Sunday service will be the Sunday school teachers and the parents of children in the membership class. It is hoped that every member of the Sunday school staff can be present.

Special Holy Week services will be held on Thursday evening and on Friday afternoon. The first service will be a candle-light Communion service with the minister bringing a message, "Is It I?" The Good Friday service will be at 2 p. m. featuring a message, "The Last Words." It seems to the pastor that it is most irreverent for Christians to go about their daily routine during the hours that Jesus hung from the Cross. Everyone is invited to lay their tasks aside and come to church for the forty-five minute service.

## Eldredge to Speak At Woman's Club Meeting on Monday

James A. Eldredge, of Chicago, will be the speaker at the meeting of the Woman's club at the Scout home Monday afternoon.

It will be Guest day, and each member will be privileged to bring a friend who is not a member of the club.

Mr. Eldredge will speak on world conditions and international relations.

Mrs. Herman Rosing is chairman of the social committee which comprises Mesdames O. L. Raether, William Rosing, Henry Ruggles, Maud Sabin, L. C. Scott, and L. D. Sexauer.

**METHODIST CHURCH  
ANNOUNCES PALM  
SUNDAY SERVICES**

The robed choir, under the direction of Mr. Charles B. Watson will sing, "Jerusalem" at the 11 o'clock Palm Sunday service in The Methodist Church of Antioch. The choir has again been overflowing the enlarged choir loft. Fred Yates will be the soloist, singing "The Palms". The Rev. G. Richard Tuttle will bring the morning message. A nursery for small children is maintained during the worship service in the basement of the church.

**Egg Collection Sunday**

Palm Sunday is the occasion for the annual Egg Collection at the Methodist church for the Wesley Memorial hospital in Chicago. Last year over 90 dozen eggs were shipped to Chicago after the Palm Sunday service. Eggs are contributed by both the church school and those attending the worship service. Persons may leave eggs at the church on Saturday. Those desiring pickups are asked to call the parsonage 61-J.

**Two Easter Services**

The Methodist church in Antioch will again hold two Easter services this year. The robed choir under the direction of Mr. Charles B. Watson will sing at both services which will be identical. The first service will be at 9:30 and the second at 11 o'clock. Church School will meet as usual on Easter with youngsters in the primary and beginners departments holding classes in the basement while those in the junior, intermediate and senior departments will attend the worship service with their parents.

**Good Crowd at Luncheon**

The second of the series of luncheon sponsored by the Woman's Society of the Methodist church was held Tuesday in the church dining rooms with a record crowd.

One hundred thirty-one people were served, and the committee was most grateful for the success of the venture.

A candy booth, sponsored by the senior M. Y. F., was an added attraction at the luncheon. Home made candy was sold to the luncheon guests by Mrs. Einar Petersen.

Mrs. Fred Peterson, who underwent a major operation at Victory Memorial hospital a week ago is much improved and is planning on returning home Friday.

Mrs. Marion Rigby is a surgical patient at Burlington Memorial hospital, Burlington, Wis.

## METHODIST WOMEN PLAN REGULAR BUSINESS MEETING

The regular business meeting of the Woman's Society of the Methodist church will be held Wednesday, April 5, at 1:30 p. m.

Mrs. A. H. Kaufmann will give the devotion and Mrs. O. L. Raether will give a talk on "Youth-Our Partners in Kingdom Building."

Mrs. C. E. Hennings, April circle leader and her committee will serve refreshments.

**Help Wrap Veteran Gifts**

Mrs. John L. Horan, rehabilitation chairman of Antioch Unit American Legion Auxiliary, Mrs. Floyd Horton, president, Mrs. Harold Ellis, Mrs. Walter Hills, Mrs. Joseph Horton and Mrs. John Horan, Jr., went to Downey hospital Tuesday and assisted members of other Tenth District Units in wrapping Easter gifts for the patients.

**PARENTS OF SON**

Mr. and Mrs. Louis Koppen, Jr., of 6420 Cornelia Ave., Chicago, are parents of an 8 lb. boy, born Wednesday at the West Suburban hospital.

The Intermediate M. Y. F. will meet at 2:30 Sunday afternoon, Apr. 2. Projects will be finished before attending the worship service. Misses Carol Hansen, Sue Birkhead, Jean Tiegelman and Judy Sheppard will have charge of the service.

The Young Adult Sunday School class of the Methodist church will hold an April Fool's Backward party at 8 o'clock Saturday evening, April first, at the home of M. C. Cain on North Main street.

Young People's M. Y. F. April Fool's party will be held at the church at 4:30 Sunday, followed by a discussion on Communion and Communion Service.

Mrs. Anita Banks returned to her home at Lake Villa on Sunday, much improved in health, after spending the past two and a half months in a Chicago hospital.

### Fire in Tree Believed Result of Lightning Bolt

The possibility that it might have been struck by lightning was explained as the cause of a fire that started in a tree at Linden lane, Channel lake Monday. The Antioch fire department was called to extinguish the blaze at 8 p. m. when fear was expressed that sparks might set fire to surrounding buildings.

The department was called to the Regal Pottery works at 1:55 p. m. Saturday to protect the building from an overheated kiln. No damage was done.

### Cast Chosen for Play "Little Women" to be Given by High School

Members of the senior play cast of Antioch High School have begun rehearsals for the play "Little Women" to be given May 4 and 5 in the school auditorium. The play will be produced by special arrangement with The Northwestern Press of Minneapolis, Minnesota.

The seniors chosen by the director, Miss Naomi Meiners, to be in the play cast are: Pat Kelleher, Joyce Strametz, Joanne Midgley, Mary Allen Campbell, Georgia Saylor, Melfred Stillson, James Kennedy, Bob Diebal, Jacqueline Onstad, Walter Schlegel, Bud Cardiff, Barbara Barthel, Betty Jean McDougall, Diana Fox, Mary Rose Webb, and Betty Terry.

### Dreams for Sale By Old Chinaman At Two Cents Each

SINGAPORE.—Wong, the half-blind consumptive story teller, has a dream for sale.

For 20 years Wong has pierced the sad cold walls of illiteracy in Singapore's Chinatown with the drone of his metallic voice. He sets up his wooden boxes, his kerosene lamp and, for all who care to pay two cents, he is willing to give to his fellow Chinese the magic benefits of his ability to read.

To thousands of illiterate laborers in the overcrowded streets in this island speck at the bottom tip of Asia, Wong is an oasis in a desert of sorrow.

The story of Wong's work is told with sympathy and understanding by Sot Yin Fong, young Chinese feature writer for the Singapore Straits Times.

Sot sat and listened in a smelly back lane (at other times Wong holds court on a temple porch of a traffic island) as the story teller read the news of the day from Chinese language newspapers.

Sometimes as many as 100 gather around. Emergency regulations in this area of turmoil prohibit mass assemblies, but the police understand and tolerate Wong's sessions. Chinese story telling is as old as the colony itself.

Wong spices the news with comments of his own and generally simplifies world events for his backward audience. It is only through Wong's weakened eyes that some poor Chinese keep abreast not only of momentous events, but also of municipal regulations and government statutes.

In his story telling he talks with few gestures and transports his listeners from the drab, unhappy land of today to the world of Chinese fancy, of ancient wars and adventures, of heroes and fairies.

The poor coolie, sitting in the dim light of a wick lamp, is lifted by his soothing words to consort with the three brother heroes—Kuan-Yu, the fierce god of war, Liu-Fei, the noble-minded emperor, and Chan-Fei, the gallant impulsive warrior.

He may dream of crossing swords with Tso-Tso, that tyrant of tyrants, or making love to that seductive lady, Sable Cicada, whose beauty was the downfall of heroes. He finds himself within the precincts of the many-walled, moated mandarin mansions, sharing the intrigues of an aristocratic family.

Then comes a tap on the shoulder and the coolie is asked by the story teller's assistant to pay up the two cents.

### Felon Outwits Police; Leaves Jail With Loot

ATLANTIC CITY.—Police were somewhat red-faced when they discovered that a prisoner not only had sneaked out of jail, but took with him \$141 belonging to a cellmate.

Acting Detective Capt. James Pike said it all happened this way:

Twenty-eight-year-old Major Lofton was jailed for brandishing a loaded revolver at another man.

Because the resort jail is crowded, Lofton was placed in a cell with another man, who was getting over some boisterous celebrating.

Lofton managed to sneak from his cellmate's pocket a police receipt for valuables—\$148 in cash—checked at the desk when he was admitted.

Armed with the receipt, Lofton waited for police to change shifts. He hollered for the new turnkey, announced that he was now sober and wanted out.

With his receipt as evidence, Lofton passed himself off as his cellmate, collected \$141, minus \$5 for bail, and walked out a free man.

It wasn't until the morning checkup of prisoners that Lofton's absence was discovered.

Police immediately got busy. They found Lofton at his home, and \$113 in an empty can.

Back to jail went Lofton with two new charges against him—"jailbreak by ruse" and "larceny by trick."

### Beavers Get Credit For Conservation Work

BEAR MOUNTAIN, N. Y.—Three pairs of beavers brought to this area in 1920 by the Palisades Interstate park commission as an experiment are making it possible for thousands of city families to enjoy outdoor meals beneath canopies of lush green foliage despite the record drought.

Capt. Sterling Gassaway of the Palisades Interstate park police said the lakes made at beaver ponds were keeping nearby foliage in excellent condition.

Henry James, administrative director for the park commission, said this was the first large-scale proof of the conservation value of the commission's long range plan for drought protection.

"Depressions from the Ice Age left natural hollows for lakes and ponds," James said. "The beavers were placed near these spots and they dammed up water to form waterholes. The park authorities built twenty-six lakes at such sites and the beavers went ahead to select new natural sites."

### Murrie Motel . . .

(Continued from page 1)  
In the bathrooms Mr. Murrie has baths have an automatic hot water heater, giving each unit practically instant hot water.

In each unit's main room there is a spacious closet. All doors throughout the Motel are birch flush doors finished in a light color.

### Latest Style Furniture

The furniture is of the latest and newest all-metal designs by Simmons with their Beauty-Rest mattresses and box springs. Some units have double beds and some twin beds; but each will have a combination vanity and desk, a night stand, a luggage stand and easy chairs. There will be a desk lamp and a bridge lamp of the very latest metal designs, as well as a bed lamp.

All inside partitions are double studded with blanket insulation used for sound-proofing.

### Murrie Family Old Timers Here

The Murries are old-timers in this vicinity, Mr. Murrie having operated a feed store in Russell for years. His family first settled there in 1842. They own the acreage all around the Motel. Mr. Murrie's son, Jim, manager of the Motel, is a veteran, having seen occupational service with Uncle Sam's forces for 13 months in Korea.

The Murrie Motel operates in full compliance with the laws of the state of Illinois, and can be reached by mail, addressing them on Route 1, Box 201 A, Zion; or on the phone over Antioch exchange, 574-W-1.

### Armour Herd Classified

Brattleboro, Vt.—W. A. Weeks, North Clarendon Vermont, an official inspector authorized by The Holstein-Friesian Association of America, recently classified the purebred registered Holstein-Friesian dairy herd belonging to Laurence Armour, Antioch.

This was the first time the herd has been classified for type (body formation) under the national association's Herd Classification program, organized and maintained in an effort to improve still further the Holstein breed of dairy cattle. The herd now has a total of 28 classified animals.

Public Is Irked  
As Policemen Try  
Blue Law Support

HATTIESBURG, Miss. — Police tried to enforce Sunday blue laws, but the shows went on and patrons got into the acts.

Shuttling back and forth in a steady rain from their theaters to the police station, 24 managers, projectionists, and ticket sellers and takers were arrested, released on bond and arrested again for a total of 88 times. Three projectionists made the trip eight times.

Three policemen reported that movie patrons peppered them with tomatoes.

At the Saenger theater, a projectionist locked himself in the projection room in an effort to keep the show going. A policeman simply doffed his cap and used it to block the projection outlet. The screen went black. Patrons booed and yelled.

When police got an ax and a crowbar and prepared to break down the door, the theater opened the room, and the projectionist was taken off to jail.

While he was gone, organ music was played and couples danced on the stage.

To prevent their ticket sellers from being arrested, some theaters closed the box offices and accepted "free will" donations at the entrance.

Police have tried to enforce Mississippi's blue laws which ban motion pictures after 6 p.m. on Sundays. Despite the numerous arrests and interruptions, however, all of Hattiesburg's six theaters continued to operate until their regular closing times.

## 4-H Club Girls

In 1949, American 4-H girls made 2,200,000 pieces of clothing for themselves and members of their families.

## Great Barrier Reef

The longest barrier reef in the world, points out the National Geographic society, is the Great Barrier Reef of Australia. It parallels the eastern shore of that continent for more than 1,200 miles.

## Used Car Prices

The average sales price of all makes of used passenger cars sold in this country more than tripled in the eight year period ending in 1948 when it reached a peak of \$1330.

## Pittsburgh's Inclines

Pittsburgh's six funiculars, or mountain-climbing railways, locally known as "inclines," carry more than two million fares annually. The cars are drawn up and lowered by cable, one being lowered as the other is raised.

## Sour Wine

When wine turns to vinegar the alcohol in it, with the aid of certain bacteria, combines with oxygen from the air to form acetic acid.

DRIVER'S LICENSE  
\$11,000!

Fantastic price? Not at all. You might have to pay it! If you have an accident in one of the 40 states with new, strict financial responsibility laws, you might be required to post this sum in cash or security. Failure to do so could cost you your driver's license. Why not let State Farm Mutual give you the best proof of such responsibility—FULL COVERAGE auto insurance? Our lower rates make it an extra-sound investment. Call or come in today.

*We are not  
SCOTCH*

The spending of a premium dollar in the fire and casualty field is a fine art. Done expertly, that dollar can do a lot; in fact, lots more than if it were spent in a careless or inexperienced way. We, as an insurance agency, believe in spending the dollars of our clients judiciously and wisely. While we are not Scotch, we do think that we can stretch a dollar as far as any Scotsman, make it buy more when it is used to buy insurance protection.

TELE. ANTIOCH 460

The firemen were honored guests at the worship service last Sunday at the Community church. Next Sunday is Palm Sunday and there will be baptism of infants and a class of children will be received into the church.

Mrs. Clifton Bray, of Buena Park has been quite ill during the past week.

Mrs. Clarence Blumenschein and

granddaughter, Norma, visited relatives near South Bend, Ind., last week.

Bonnie and Willnette Monnier, daughters of Mr. and Mrs. Elmer Monnier took part in an entertainment at Harvard, Ill., last week two evening, doing acrobatic dancing.

Mr. and Mrs. John Peterson, who have been living at Iron River, Wis., have moved back to Lake Villa and

for the present are with Mr. and Mrs. Frank Grenus.

Mrs. Fred Seefeldt, who has been confined to her home by illness for

the past three months is able to be about again.

Mrs. William Robinson, of Venetian Village returned home last

week from Benton, Ill., where she was recently called by the very sudden death of her husband.

## Shopping for a brand?

When you want a nationally advertised service or a trademarked product, find it the easy way: Turn to the Yellow Pages. They list dozens of local dealers for these services and products, and it takes only a matter of seconds for you to find where to obtain them.

Suppose, for example, you're looking for a certain make of radio. Simply turn to the heading "Radio" in the Yellow Pages. You'll find the one you want, along with the names, addresses and telephone numbers of the local dealers.

Use the Yellow Pages, too, when you want to locate:

- The address and telephone number when you know the firm's name—or the name when you have only the address.
- Wholesalers and manufacturers when you're buying in large quantities.
- Business or professional people with common names, like Smith, Jones or Brown. It's easy to locate them in the Yellow Pages.
- Where to obtain almost any product or service, including those that are unusual or hard to find.

## Device Aids Electric Organ to Make Use Of Its Own Echo

CHICAGO.—A device no larger than a golf bag, which makes it possible for the electric organ to create and utilize its own echo, provides a modern substitute for the reverberation provided by the stone walls and high vaulted ceilings of large cathedrals.

Official name of the unique device is the Hammond reverberation control. And its sole function, according to engineers, is production of the echoes which alone assure full organ performance.

Explaining the use of reverberation control, organ experts point out that echo is present in varying degree in all music and in most sound, being that part of sound which reaches the listener's ear by reflection from neighboring surfaces, rather than by straight air line. Because early churches mainly were large and solidly constructed, most people naturally learned to prefer organ music with considerable echo they add.

Need of the echo-maker became acute when some churches built their acoustics especially for speech—a situation that is not the best for musical reception. It also provides the only way in which real organ music can be secured out-of-doors, since the absence of walls would otherwise mean the absence of reverberation and even the largest organ would sound thin and shrill.

The reverberation unit takes the place of nature's own echo by picking up a part of each tone signal from the organ console and carrying it through a mechanism that delays each sound. The delayed signals are amplified and sent on to join the original unaltered electrical impulses or signals.

What the ear then hears is the original music as played by the organist followed quickly by its echo or reverberation, just as in a building part of the music reaches the listener directly and part of it is reflected from walls and ceiling and reaches the ear later than the original music.

The length of the reverberation time is also controlled by the unit, this being an important factor in producing a natural-sounding echo. Some churches have a reverberation as low as three seconds and other large churches run up to 11 seconds.

### Book of Paper Matches Helps Identify Citizen

HAMILTON, OHIO.—A book of paper matches carrying the advertisement of a service station in Covington, Ky., provided the only clue for Hamilton police in solving the identity of an amnesia victim.

Chief John A. Bippus reported a man walked into police headquarters and asked assistance in learning his identity.

"Where am I? What's my name? I've lost my memory," the victim said.

The only clue police found in searching the man was the book of matches bearing the name of the Graham service station, Covington, Ky. Robert Welch, assistant chief, telephoned the station and after describing the victim learned he was John Graham, Sr., 54, 1422 Madison ave., Covington, owner of the station.

John Graham Jr., who came to take his father home, told police that the elder Mr. Graham had been ill.

### Auckland Hot Springs Prove Value in Actual Instance

AUCKLAND.—Maoris, who placed faith in the curative value of the Keteahi hot springs long before the white man came to New Zealand, recently demonstrated the powers of the waters on the flank of Mount Tongariro.

A party of natives, arriving by auto, carried a 250-pound invalid up to the springs on a stretcher—a rough four-mile trip uphill—and placed him in a bath made in the stream flowing from the hot springs.

Then he was housed in a tent they had erected. After a few days, they reported, the man, who had been crippled by rheumatism, was able to walk to the springs alone and shortly left almost completely cured.

### Soviet Humorist Would Make Penalty Fit Crime

MOSCOW.—A humorist in Izvestia, the Soviet government newspaper, suggested today that factory administrators producing poor quality goods be sentenced to wear or use personally their own products.

Author of the article is G. Ryklin. He said the heavy-set director of Riga garment factory should be forced to wear the suits, with narrow, short breeches and pants legs of uneven length sent to Moscow department stores.

He suggested the director of a factory at Sarapul turning out squeaky radio phonographs be condemned to listen to his own machines for six months.

## SHORT STORY

### Narrow Escape

By Richard Hill Wilkinson

"JUD'S ONLY going to be here a couple of weeks," Connie said. "And after all, he's my brother Tom's guest and it's up to me to help entertain him." You understand, don't you, Marc?"

"Sure," said Marc, not looking at her, "sure, I understand. You go ahead and be nice to him, Connie. I understand all right."

Which was true, bitterly true. Marc had begun to understand two days after Jud Morrison had landed at the

Norberts' for a fortnight's visit. Jud was big and handsome and had a way with him. In college he had been quite a rage. Tom Norbert, his roommate, had raved about him before he arrived, but even Connie hadn't expected such a splendid specimen of manhood as Jud proved to be.

A roadster stopped before the house and Jud came bounding out the walk. "Hi, Connie," he grinned. "All set for our round of golf?" Then he saw Marc standing on the porch beside Connie. "Hello, there, Marc. How about joining us?"

Marc smiled and shook his head. "Thanks," he said. "I've got a tennis date. See you two tonight."

If, he reflected, he could only get Jud out of his element perhaps the college hero wouldn't show up so well.

Several nights later at the country club dance Marc got Connie alone and suggested a fishing trip for the next day. "We can take Jud along," he explained. "It'll be something new in his experience and probably he'll get a bang out of it."

Connie, who liked fishing herself, thought it was a grand idea.

And so the three of them drove up to Beaver Lake the next day.

In the afternoon they put on their waders and fished.

Connie elected to show Jud how to rig his line and cast, and watching them Marc knew a feeling of frustration. He had planned to somehow get Jud to follow him into the rapids where the going was treacherous and where only one experienced in such things could navigate without losing his foothold. He had a vague idea of rescuing Jud from the swirling torrents, thereby establishing Jud's weakness in Connie's mind and his own prowess.

SUDDENLY HE KNEW that he was helpless. There was nothing he could do about the thing that was happening between Jud and Connie. The feeling that he had toward Jud was not one of condemnation, but envy. If Jud were trying to steal Connie away, he was doing so unwittingly. Any one but a fool could tell he wasn't aware of any understanding existing between the girl and Marc.

And so Marc abandoned his scheme for revenge.

"And, besides, I'm satisfied with the man I have—a man who's big enough to be kind to a man like Jud Morrison."

They returned home the next day, and the day after that Marc made a business trip to Belknap. When he got back, Judson Morrison was gone. Marc didn't call Connie. Tomorrow or the day after he was leaving on a month's journey upstate. He didn't want to see Connie before he left. It would hurt too much.

But he did see her. Connie came over that night and found him sitting alone on the porch.

"Hello," she said, "where in the world have you been?"

"Away on business. Unexpected."

"Well, I should think so." She came close to him and sat down. "Jud left this morning. He asked me to say goodbye to you."

"Jud's a good egg," Marc said. "Too good," said Connie. "Goodness, I'd hate to be married to a man like that."

"You would?" said Marc, astonished. "Why?"

"Why?" Why, because—I would He's too self-sufficient." She laughed. "And besides, I'm satisfied with the man I have—a man who's big enough to be kind to a man like Jud Morrison."

Abruptly he laughed, and when, puzzled, she asked him what was funny, he shook his head.

"There's nothing really funny," he said. "I was just thinking about a close call I once had—how near I came to making a fool of myself—and what a relief it is to know I escaped."

### Poor Highway Systems Costly to Car-Owners

WASHINGTON.—Poor highway systems over the country are the greatest obstacle to economical and low-cost automobile transportation, an analyst of the Brookings Institution reported.

He contended that unless more and better traffic arteries were provided, the motorist stood to lose all the benefits he might obtain from technological improvements of the automobile.

The study, conducted by Wilfred Owen of the institution's staff, noted that only five to ten cents of the "highway transportation dollar" was being currently spent on highways. This proportion the author regarded as too low. The rest of the dollar is absorbed by the purchase price of the car, gasoline, repairs and other operating items.

This he found to be the case just as an unprecedented 40 million motor vehicles, 20 per cent more than the prewar peak, were in competition for highway space. Furthermore, most of today's roads were declared not adapted to the requirements of heavy volumes of high-speed traffic resulting from population shifts, and a notable trend from urban to suburban areas.

### German Electric Seine May Aid Whale Hunters

FRANKFURT, GERMANY.—Two Germans have developed an electrical device which, they say, attracts fish of a predetermined size, stuns them with a slight electric shock and causes them to fall into the net.

Physicist Konrad Kreutzer and Hamburg engineer Herbert Peglow designed the apparatus for fishing sparse deep sea banks, but it has been tried out successfully in fresh water.

At Hamburg they are fitting out a former German mine sweeper, with which they hope to revolutionize the fishing industry.

In front of a normal trawl net they trail a metal plate attached to a generator. By varying the type and the strength of the current fishermen could lure big or small fish, which develop symptoms of anesthesia. They are then scooped up in the trawl.

The invention can also be applied to the whaling industry, it is said. "Shocked" whales could be brought alongside for inspection, then killed or rejected.

4-H Club Activity  
Eight million birds were raised in 1949 by U. S. 4-H Club members.

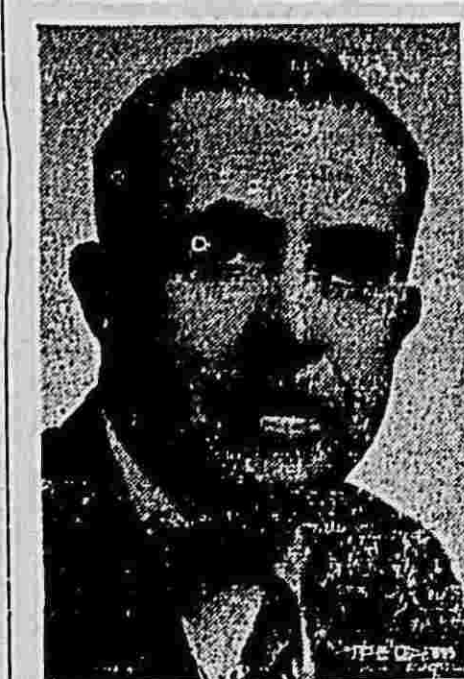

### Disease Transmission

Fears that dust particles in the air might spread the foot-and-mouth disease virus from Mexico to the United States seem to be unfounded, in the light of recent veterinary medical research in Switzerland. Failure to transmit the disease to experimental calves through dust and air from infected quarters led to this conclusion.
